

What is the 16-19 tuition fund?

The 16-19 tuition fund is one off funding for the 2020/21 academic year that is ring fenced for Sixth form colleges to provide support to students and mitigate disruption to learning arising from the Covid 19 pandemic.

The funding is being used to provide small group tuition for 16-19 year olds where their learning has been disrupted and they have a GCSE maths and/or English grade of 4 or below.

Although targeted students are identified based on their prior attainment in English and Maths, the funding can be used to support students in their learning across a variety of subjects.

How will Brooke Weston Academy use the funding?

At Brooke Weston Academy, we have been allocated £295 for this academic year and intend to utilise the funding to provide additional support to a small group of students that worked towards gaining their grade 4 GCSE maths during their time in the sixth form. We are using this funding to support them with all mathematical content in their Level 3 courses to allow them to progress successfully to their chosen destination. We have no students that have not achieved at least a grade 4 in English.

Brooke Weston Academy has used the funding, as follows:

To purchase bespoke resources for the students targeted in the tuition catch up funding and use these to support their learning.

To run additional weekly sessions with specialised staff.
