

Biology – Year 10 Report Feedback Sheet

Please find below information on each of the topics outlined on your child’s report for Biology. We have broken down each topic into the relevant objectives to help you support your child in improving on their ‘insecure’ or ‘developing’ topics. We have directed you to the accompanying resources to allow your child to improve using the website www.gcsepod.com. The link provided in the resource's column corresponds to podcasts that will allow your child to watch pods on the relevant topic with either a check and challenge or an assignment to assess their understanding. You can also find all the lessons that were taught this term in their Year 10 Biology Class Team, in their Class Materials section.
