

Art – Year 10 Report Feedback Sheet

Please find below information on each of the topics outlined on your child’s report for year 10. We have broken down each topic into the relevant objectives to help you support your child in improving on their ‘insecure’ or ‘developing’ topics. We have directed you to our GCSE Fine Art Guidance Booklet to allow your child to improve further.

1. **Research and Understanding** – To be able to find/select x2 artists that are relevant to their individual project in order to influence and inspire their work.
2. **Observations, insights and the recording of ideas** – To be able to work purposefully towards a project title. This may be through; relevant photographs, drawings, paintings, 3D work and annotation.
3. **Experimentation** – To be able to select and trail different media, compositions or techniques in order to improve their skills and show range and versatility within their work.
4. **Journey and Presentation** – To be able to create a project that flows and clearly links throughout. Each individual piece of work should be purposefully and should be inspired and influenced by what came before. The Final piece should tie all the work together both demonstrating the style of their chosen artists, as well as representing the student’s individual investigations.
