

February 2024

Dear Parent/Carer,

We are proud of the quality of education we offer in our Brooke Weston Trust schools and of all the brilliant staff and students who make our schools great places to be. Each school has its unique history, character and place in its local community, but they are all joined together in one large Trust family sharing the same core values and commitment to young people's success. The Trust and individual schools have made great progress in recent years. There has been much to celebrate, but of course we are not complacent. The partnership we have with parents/carers is without doubt the most important one to ensure every child can thrive.

We really want to know what you think we are doing well (so we can keep on doing it and celebrate it with you!) and also the areas where you think we could do more. Through the questionnaire link below, we wish to gather your views about what is working well and what we can do better.

[BWT Secondary Schools Parent Survey](#)

In the past, each school has completed a questionnaire for themselves. This year we will still be looking at the results for your child's own school and feeding those back to you, but we'll also be collating parent/carers views from right across the Trust so our schools can learn from each other.

Thank you for taking the time to complete the questionnaire.

Dr Andrew Campbell
Chief Executive
Brooke Weston Trust
