Dear Parent/Carer,

Free School Meals Vouchers Update

Since March Brooke Weston Trust has operated a free school meals voucher scheme using a provider called Sodexo. This has worked well to date. However, in order that we can provide vouchers for the summer holiday period, we must now transfer to a government scheme run by a different company called Edenred.

So we can be sure everyone is able to access the new scheme before the summer holiday, we intend switching to Edenred in a couple of weeks. To help with the switchover, you will receive instructions and support from your school. Please do not worry as the process is simple and the voucher value will remain exactly the same. I thought you might appreciate a little bit of advance notice, hence the reason for writing at this time. Do look out for further information from your school in the near future.

Best wishes and stay safe.
